## Disclaimer:

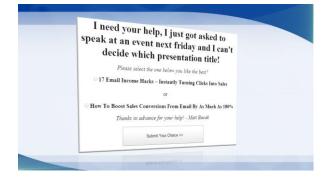

These are really "tactics", but "hacks" seem to get more attention.
(at least my survey said that)

ATTENTION is probably the most valuable asset you'll have in your business ... because without it NOTHING GOOD HAPPENS.

One of the most powerful things you can do is to make MORE offers while you have your subscribers' attention.

The "Survey" Hack

www.AskDatabase.com

I want to demonstrate to you one of the most powerful hacks of them all now, because when you inject or infuse it in your email follow-up sequences it will make the 15 others just that much more powerful.

I Want To Begin By Telling You A Story. THIS IS ABOUT A MAN WHO
WAS A HUGE SUCCESS, who made
his first million right out of college,
and who then built that into a
thriving business and a lifestyle most
of us dream about.

He had 15 thriving companies making multi-millions of dollars every year. A big house. His own private airplane. A happy family.

And the belief that nothing could take that away from him.

## UNTIL ONE DECEMBER DAY IN 2008 HE HEARD A KNOCK ON THE DOOR.

Two men in black suits and badges stood in front of him. And then they said the five words that can terrify even the strongest person:

"WE'RE WITH THE INTERNAL REVENUE SERVICE."

They came into his house, sat him down, told him they were with the criminal investigations division, and began to ask him questions.

Questions about his business. His finances. His associates. His family.

He answered whatever they asked, until finally he said, "WHY DO YOU WANT TO KNOW ALL THIS?"

"WE CAN'T TELL YOU THAT," they said.

"Well, have I done something wrong?"

"WE CAN'T TELL YOU THAT," they said.

"But if you just tell me what this is about, I'll do whatever I can to fix it. But I've got to know what you think I did."

"WE CAN'T TELL YOU THAT," they said.

Finally he realized he'd better shut up and get a lawyer before he said the wrong thing. He asked them to leave.

"Fine," they said. "But you should know that our investigation could result in your ending up in **PRISON FOR FIVE YEARS.**"

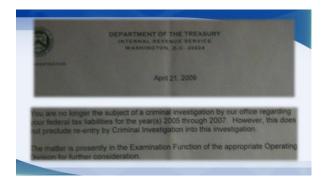

**SO HE HIRED A BIG TAX LAWYER,** and then one of the top auditors in the country, who combed through the books of all his companies.

Neither of them could find anything wrong, or any clue as to what brought the IRS down on this guy.

Over the next several months **HIS LIFE BECAME A LIVING HELL**.
Concentrating on anything was almost impossible. His wife was

close to a nervous breakdown.

His kids didn't know why things at home had changed. And every day he wondered if this was the day he'd be carted off to prison. And then **ONE MORNING IN APRIL, A LETTER ARRIVED**. When he saw the IRS logo on the envelope his hands started to shake.

He showed the letter to his expensive attorney, who said, "In all my years of practice, I've only ever seen two of these. What you have here is a **GOLDEN TICKET**.

With this you can get out from under this entire ordeal.

"However," he said, "this is not a GET OUT OF JAIL FREE card."

They could come after you again any time they want, with no warning, and no more explanation than you got this time. The question is...

"ARE YOU WILLING TO DO WHATEVER IT TAKES to make sure that this never happens to you and your family again?"

"I'll do anything," he said.

"Then," his lawyer told him,
"YOU'RE GOING TO HAVE TO LOSE
EVERYTHING. You'll have to
bankrupt all your businesses.
Cut all your business ties.

And stop doing everything you're currently doing. You can't be associated with anything the IRS might have been investigating. In other words," his lawyer said...

"YOU'RE GOING TO HAVE TO START OVER **FROM NOTHING**." This was NOT what he wanted to hear. He was mad. He was depressed. And he was scared. But he had no choice.

"Just one condition," he told his lawyer. "I WON'T LEAVE MY MERCHANTS AND MY EMPLOYEES HOLDING THE BAG, no matter what."

So dipping into his own pocket, he paid everyone what he owed them, bankrupt all 15 of his companies, and said goodbye to his wealth, his career and his livelihood.

**HE WAS FINALLY FREE** ...and HE WAS BROKE.

And **one more thing** you should know...

THIS GUY I'VE BEEN TALKING ABOUT?

...it's ME.

This entire story is absolutely true. In 2008 the IRS came after me, even though to this day they have never found anything 'amiss' in any of my businesses, and they have never said what it was they were investigating.

I tell you this story because I want you to know that when this all happened, WHEN I LOST EVERYTHING, I WAS WHERE MANY OF YOU ARE RIGHT NOW...

...with a burning desire to take care of my family, to create a good life for them, to have a nice home and to give my kids a good future.

BUT I DID HAVE ONE THING GOING FOR ME...

I knew from my previous success that the Internet was a gold mine waiting to be tapped, if I could just figure out how. So for the last four years that's what I've done.

I'VE LEARNED THE METHODS, THE SECRETS, AND THE ABUNDANCE OF RESOURCES that have enabled me...

...to get back the wealth and the comfort and the security I once enjoyed, and to know that my family will always be well taken care of.

And IT'S THOSE POWERFUL TOOLS AND METHODS AND SECRETS I'M GOING TO SHARE WITH YOU now.

With this information, you can start with next to nothing, like I had to, and achieve all the prosperity you want for yourself and the ones you love.

Har

I want to apply this again, so you can see it – knowing what it is.

I haven't wanted to talk about this before, but in December of 2008 I experienced what my wife Stephanie now refers to as "THE APOCALYPSE"...

Basically, my world got turned upside down and I had to start my life again.

I went from being super-successful to dead broke practically overnight, with nothing left to invest in any new business, and no enterprise to fall back on

I was wounded and shell-shocked, but somehow I had to start over – from scratch.

So for the next two years, that's what I did. I needed to generate some income quickly, so I started using the website ClickBank to market other people's products online.

Don't worry if you've never heard of ClickBank – I'll be showing you how to make it one of your best revenue sources in just a few minutes.

For now let's just say it's like a big, wholesale warehouse that that provides you with countless products and information sources that you can market online in return for half the revenue you generate.

So using my background in Internet marketing, I gradually crawled out of the hole I'd been shoved into, until, after a few months, I was back earning a good living.

The problem was, I wasn't happy, and I wasn't fulfilled. I still felt angry and victimized by what had happened.

And more than that, after two years of marketing other people's products and information...

...I realized I desperately wanted something of my own to offer, the way I had done in the past. I know you're all here because you want to learn how to increase your income, to provide a better life for yourselves and your families.

But I also know that your greatest professional satisfaction comes when your knowledge and expertise can touch and benefit as many people as possible.

That's exactly how I felt. I wanted to create a product of my own that would exponentially increase the number of people whose lives I could transform.

In short, I NEEDED A WIN. I had to do something big and audacious, something that had such a high level of success that I knew I was back on top.

I wanted to change the rules of Internet marketing.

I started by creating a brand new product — a downloadable set of four, 2-hour videos I called the MASS MONEY MAKERS METHOD.

This information, which grew out of my years of experience at the bleeding edge of Internet marketing...

...would enable anyone to generate Google 1<sup>st</sup> page keywords, and then use those to create huge contact lists resulting in massive amounts of money. I knew this information was unique, powerful and effective, and could truly allow anyone to come online and make money with relative ease.

The challenge was to generate awareness of the product to an unheard of number of affiliates - people who would promote the product to their own lists for a share of the revenue.

ClickBank has a designation they refer to as GRAVITY. It's a measure of how popular a product is with affiliates. Simply put, every single affiliate who sells a product counts as a gravity rating of 1 for that product...

So if 10 different people are selling your product on any given day, its gravity for that day is 10.

The average product offered on ClickBank would have a gravity rating somewhere around 10 or 15...

For a new product with a VERY successful launch, the gravity might reach as much as 500.

But before I launched Mass Money Makers, only 4 people in the world had ever reached a gravity of 1000.

So I declared that when I released my package, it was going to achieve a gravity of 2000.

Remember, I said I had to achieve an unheard of level of success to really believe I was back on top.

I also had my own personal record I was determined to break. In my entire career the most successful launch I had ever achieved – which is still considered a huge success – was 15,000 sales, so I decided...

Mass Money Makers had to reach 20,000 SALES IN A SINGLE WEEK.

And finally, even though everyone says that the holidays are the WORST possible time to launch a new product, I set mine for December 28<sup>TH</sup> of 2010

December 31<sup>st</sup> is my birthday – and celebrating the success of this launch was going to be the start of my new life.

So with the product in place, my goals clear and the launch date set, I began my campaign to create an unheard of level of awareness and anticipation.

I knew achieving the impossible was going to be a huge battle, so I began reading *The Art of War.* And I decided I was going to amass my own army.

I contacted all the experts whose material I had been marketing for the last two years, told them about my new product, and asked them...

...if they would be willing to pass my promotional material on to their own affiliates, just as a favor to me. They said, "You've been promoting my stuff for the last 2 years, and you've never asked for anything. So of course I'll be glad to help."

Then word started to spread, and by the time of the launch we had 7,551 affiliates marketing my material.

SO WHAT WERE THE RESULTS?

By December 30<sup>th</sup>, the day before the launch, the phrase MASS MONEY MAKERS had generated more than 125,000 web searches.

By the end of the campaign, it had appeared on 9 MILLION web sites.

On the day of the launch, Alexa, a web site that calculates the most popular topics on the web, ranked Mass Money Makers #1 – ahead of Angelina Jolie and Jennifer Anniston.

#4 on the list was the phrase "New Years."

\*We actually <u>outscored</u>
"New Years" ON New Years!

And remember my goal of reaching a Gravity of 2,000 on ClickBank? On January 10<sup>th</sup>, 2011, we hit **2,086**. It remains **the highest gravity rating every recorded on ClickBank**.

And that goal of selling **20,000 units** in a single week? We did it – **IN THE FIRST DAY**. By the end of the first week, we had sold more than 30,000.

But most important to me was the fact that **tens of thousands of people continue to benefit** from that program.

And as I had always hoped, when the launch was finished I was able to say, "I won. And I'm back on top."

I know you want to know exactly HOW I did all this. And how you can follow the same steps I did to reach a massive number of people with your products and ideas.

That's what I'm about to tell you. But the story isn't quite over.

Shortly after our record-breaking launch, I got a call from Dan Kennedy and Bill Glazer, two of the most highly respected names in the world of Internet marketing.

They said, "We want to lock you in a room for two days with our very best customers, so you can show them step by step how you accomplished the impossible." They gathered 500 of their top affiliates and charged them \$2000 a piece to attend.

Then they recorded my presentation, compiled all my ideas, all my information and all my insider secrets and assembled it into **SUPER AFFILIATE SECRETS**, a single package of DVDs, CDs, workbooks and bonus materials.

Later on I will share with you how you can get your hands on this absolutely FREE!

Let's take a look at these 3 words in particular.

Cost, Pay, Price.

Notice how this naturally creates resistance...

- \* This product will  $\underline{\text{COST}}$  you \$1997
- \* You need to PAY \$1997 for this product
  - \* The  $\underline{\textbf{PRICE}}$  of this product is \$1997

"Your investment in this product is a mere \$1997, which is really a tiny drop in the ocean compared to the priceless benefits this product brings you."

Spot the difference?

Sometimes, it's really not what you say, but **HOW** you say it....

...And that can mean a world of difference when it comes to results.
