INTRODUCTION

Trying to make money through affiliate marketing can be thrilling, sure; but when it comes down to it, you really want your efforts in this area to be more than simply thrilling. You want your efforts to also be lucrative! One of the big mistakes many people make, however – in their quest to have lucrative affiliate marketing efforts – is that they target low-end products, with low commissions. Instead of doing this, learn to do what the best (that is: the richest!) affiliate marketers do: find high-end products that pay big commissions, or that pay recurring commissions, and start making big money off these!

THE TOP 100 AFFILIATE PRODUCTS!

And when you think of how often many high-end purchasers have need of means for travel, you will realize just how powerful this opportunity can become.
